2:00-3:00- Activity Groups

## Activity Groups

This year the activity groups will be different than in previous years. Three groups will be offered on each of the Winter School afternoons, and we will rotate around the three groups over the period. So, everyone will do everything!  
The groups will be:

-Bees and Movement- with Rita Kort

-The Life Cycle of the Bee- with Peter van Vliet

-Getting to know the Bees with the Senses (no direct contact, don't worry!) - with Kristof and Ben

More information on venues and groups will be sent round soon.

Looking forward,  
The Winter School Preparation Group:  
Ruairidh, Ben, Peter, and Kristof
