Karl Koenig's  
Biography and Task  
and  
Rudolf Steiner's Conception of  
the Medical Section

An open Medical Section Conference  
with Dr. Peter Selg

“The world is threatening to stun  
The inborn power of my soul.  
Now, memory, stand forth  
Out of the depths of spirit radiantly,  
And strengthen my beholding,  
Which through the power of will alone  
Can keep itself in being.” \*

5th - 6th September 2008 Rudolf Steiner House  
London
